

Planning & Infrastructure

Mr John Holman
President
Warringah Urban Fringe Association Inc
PO Box 125
BELROSE NSW 2085

12/04488

Dear Mr Holman

I refer to your letter inviting the Department of Planning and Infrastructure to attend a community meeting regarding the Oxford Falls Valley and Belrose North Strategic Review.

As you are aware, it is proposed that a strategic review of the Oxford Falls Valley and Belrose North areas be undertaken. The Department is committed to working with Warringah Council and the community to identify the most appropriate future land use zoning and development controls for the Oxford Falls Valley and Belrose North areas.

It is considered that the strategic review will provide appropriate opportunities for community consultation on this important planning matter.

I would like to thank you for the invitation to the community meeting in early May 2012 to discuss the strategic review. The Department is currently discussing the strategic review with Council and will be in touch with you shortly with further advice on this matter.

Yours sincerely

Juliet Grant
Regional Director
Sydney Region East
